

To Whom it may Concern

I have known **Ahmed Mahmoud Saeed Ahmed** since 2016 till preset date. I know him on both the professional and personal level and have many good things to say about Ahmed.

On the professional level, I can say that Ahmed is a brilliant, hard worker student, and does a good job at all the assignments I have given to him as a student in the Department of Philosophy, Faculty of Arts, University of Alexandria. He is reliable, most trust worthy and extremely efficient. He has an encyclopedic knowledge of all branches of Philosophy, can deal with original philosophical texts very well, and his writing is excellent. He tends to think out of the box, has many critical thinking skills, and can deal with hard working conditions.

His dedication, hard work and efficiency lead me to give him highest degrees.

He was always ready to experiment with new ideas, eager to attend all workshops and is open to many cultures.

Ahmed is an independent personality and is able to analyze and think critically when it comes to academics or research which I observed during his studies at university.

On the personal level, Ahmed is loved and respected by colleagues and students. I can certify that he is one of the most trustworthy and reliable young people I have known.

I highly recommend Ahmad for any program.

Yours sincerely
